Dimensions (Tolerance: ± 5mm)

* EaZy Networking is a service to connect your camera to Internet automatically by plug and play, but it's not free. AVTECH will initially provide 500MB data allowance (approx. 260 minutes) for free. When 500MB is up, the network connection is down. To restore the service, users need to subscribe a data plan from AVTECH, or configure the network settings by themselves.
